Investment Philosophy

We believe:

- Emerging markets offer superior long-term return prospects and offer low-correlation
- Fundamental, bottom-up proprietary research allows us to better estimate a company's intrinsic value and identify anomalies to exploit
- Macro-economic analysis helps us better manage country and currency risk factors
- A strict buy and sell discipline leads to more consistent results
- LBA can construct a portfolio with an asymmetrical risk/reward profile that offers long-term alpha potential

Research is the Driver of Alpha

Idea Generation

+

Fundamental Analysis

Macro Analysis

Risk Analysis

Alpha Insight

Quantitative Screening:

- Growth and valuation factors:
- Revenues
- Earning
- EV/Sales
- P/E
- P/FFO
- Dividend Yield

Portfolio Manager / Analyst research:

Reduce universe to 50+ candidates for purchase

Fundamental Analysis:

- Intrinsic value estimation
- Competitive advantages and threats
- Profitability forecast
- Capital structure and leverage profile
- ESG exclusionary screening considerations
- Management meetings and site visits

Industry Factors:

- Long-term expectations
- Regulatory threats
- Barriers to entry, substitution
- Degree of rivalry/ intensity within industry:
- Power of buyers/ sellers
- Relative attractiveness
- Trends/themes
- Business, product cycles

Macro Factors:

- Geopolitical risks
- Trade balances
- Local, regional, global trends
- GDP growth
- Currency stability
- Improving per capita income
- Consumer preferences
- Demographics
- Market dynamics
- Tax policy

Capital Loss Factors:

- Margin of Safety: assess risk of permanent loss of capital
- Diversified holdings across countries, sectors,
- Invest with long term horizon
- Business decay risk
- Capital allocation risk
- Stress testing

Best Ideas:

- Great businesses
- Future growth in cash flow
- Quality of balance sheet; low leverage
- Sustainable competitive advantages
- Management team
- Available at good price
- What is the potential reward payoff?

Portfolio Construction & Decision Making Process

Investment Team Peer Review

Portfolio Manager Final Decision

Portfolio Construction

- Rigorous team debate
- All new ideas vetted by full investment team for perspective
- Assess risks and build conviction
- Address follow-up questions
- Independent research conclusions
- Differentiated insights

- Stock selection:
 - Add to portfolio
 - Watch list
 - Reject
- Active sector weight positions
- Broad sector diversification
- Trimming and adding to current positions
- Risk management
- Margin of safety
- Sell discipline

Company level:

- ▶ 50-70 companies
- ▶ 7% max position
- ► Turnover <20% annual
- ► Monitor daily liquidity
- ► Continuous thesis review

Sector-Industry level:

- ► Minimum of 7 sectors
- ► Sector allocation capped at 30%
- ► Sector/Industry- level analysis

Country level:

- ▶ Diversified across 15-20 countries
- Ongoing economic inputs
- Stress test portfolio

Sell Discipline

Letko, Brosseau & Associates Inc. claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS® standards. Letko, Brosseau & Associates Inc. has been independently verified for the periods from January 1, 1988 to December 31, 2022.

Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS® standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS® standards. The Emerging Markets Composite has been examined for the period from July 1, 2011 to December 31, 2022. The verification and performance examination reports are available upon request. GIPS® is a registered trademark owned by CFAInstitute. CFAInstitute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.

Full performance disclosures continue on page 31

Performance Disclosure

Notes:

1. Letko, Brosseau & Associates Inc. ("LBA") is an independent investment management firm established in 1987. LBA manages a variety of balanced, fixed income and equity assets for primarily Canadian institutional clients and high net worth individuals. LBA is not affiliated with any parent organization.

Prior to January 1, 2011, total firm assets represent the aggregate market value of all discretionary and non-discretionary assets managed by LBA. This includes both fee-paying and non-fee-paying portfolios. Starting January 1, 2011, LBA uses the aggregate of the fair value to determine total firm assets.

2. The Composite was created in July 2011 and is defined to include all discretionary emerging markets equity mandates with asset mix targets for fixed income securities of less than 10%.

Starting January 1, 2020, Composite assets either exclude the units of LBA's proprietary pooled funds held in segregated managed accounts or exclude LBA's proprietary pooled funds. The Composite assets as of March 31, 2024, were \$1,202,983,413 or 9.45% of total assets under management.

Starting January 1, 2017, proprietary LBA pooled funds managed in accordance with the above strategy are also included in the Composite.

3. The benchmark is 100% MSCI Emerging Markets Total Return Net Index.

The benchmark since inception to December 31, 2023 was 5% Deutsche Bank Fed Funds Effective Rate Total Return Index and 95% MSCI Emerging Markets Total Return Net Index. In 2024, the benchmark was modified to reflect the increase in the percentage of emerging market equities in LBA's emerging market strategy.

- **4. Valuations and returns** are computed in Canadian Dollars and are then converted monthly and stated in US Dollars and are based on trade date accounting throughout the period. Annual composite returns are calculated using the aggregate return method, which combines all composite assets and cash flows to calculate the performance as if the composite were one portfolio.
- 5. When there are five or more portfolios in the Composite for a full calendar year, the dispersion of annual return is measured as follows:
- Composite Dispersion A which is the geometric standard deviation of the asset-weighted returns of portfolios included in the Composite for the 1-year or 2-year period as appropriate.
- 6. Performance results are presented net-of-fees and gross-of-fees. Performance results reflect the reinvestment of dividends, income and other earnings and are presented net of all foreign withholding taxes. Reclaimable withholding tax refunds are recognized when received. The benchmark is fully invested and its returns include the reinvestment of dividends, income and other earnings and are presented net of withholding taxes. Gross-of-fees returns are reduced by any trading expenses incurred during the period. Net-of-fees returns are calculated by reducing monthly gross-of-fees returns by a model management fee of 0.0830%. This equates to a model annual management fee of 1.0%, which is the highest tier of the standard management fee schedule.
- 7. The actual management fee schedule is as follows:

For the first \$300,000 1.00% Thereafter 0.75%

- 8. Ex-Post Standard Deviation: The three-year annualized ex-post standard deviation is not presented as of December 31, 2011, 2012 and 2013 because the Composite did not yet have 36 monthly returns as of these dates.
- 9. A complete list and description of firm composites & limited distribution pooled funds, composite performance results and additional information regarding policies for valuing portfolios, calculating performance and preparing compliant presentations are available upon request at: Letko, Brosseau & Associates Inc. 1800 McGill College Avenue, Suite 2510, Montreal, Quebec, H3A 3J6 (514) 499-1200 (800) 307-8557 or at info@lba.ca.

CFA: A professional certificate offered through the CFA Institute. The certification qualifies one to be a financial analyst. To qualify for a CFA®, one must have worked a certain number of years in the financial industry and must complete three levels of exams on all topics related to investing. CFA® charterholders are required to adhere and annually attest to the CFA Institute Code of Ethics and Standards of Professional Conduct.

FSA: Fundamentals of Sustainability Accounting (FSA) credential awarded by the Sustainability Accounting Standards Board (SASB) demonstrates in-depth knowledge of the integration of sustainability information into investment analysis. To qualify for the FSA Credential, one must complete two exams. Level I focuses on principles and practices and Level II focuses on application and analysis.

Swiss disclaimer

In Switzerland, the Fund is considered foreign investment schemes pursuant to Art. 119 of the Swiss Federal Collective Investment Schemes Act (CISA). No application has been submitted to the Federal Financial Market Supervisory Authority (FINMA) to obtain approval within the meaning of Art. 120 CISA to offer or distribute the investment in or from Switzerland to "Non-Qualified Investors", and no other steps have been taken in this direction. Consequently, investors do not benefit from the specific investor protection and/or FINMA supervision pursuant to the CISA and its implementing ordinances.

Any offer or sale must therefore be in strict compliance with Swiss law, and in particular with the provisions of the Collective Investment Schemes Act and its implementing ordinances, and FINMA circular 2013/9 on distribution of collective investment schemes. No person or entity is authorized to offer or sell the Shares or distribute any Fund Documentation, including the Prospectus, the Articles of Incorporation and annual reports issued by the Fund from time to time or promotional material pertaining to the Fund in or from Switzerland other than to "Qualified Investors", as defined in Article 10 of the CISA and Articles 6 and 6a of the CISO and any circulars issued by FINMA.

The Fund has appointed as Swiss Representative Waystone Fund Services (Switzerland) SA, Av. Villamont 17, 1005 Lausanne, Switzerland, Tel: +41 21 311 17 77. The Fund's paying agent is Helvetische Bank AG. Any Fund Documentation may be obtained free of charge from the Swiss Representative in Lausanne. In respect of the Shares distributed in or from Switzerland, the place of performance and jurisdiction is at the registered office of the Swiss Representative.
